B. Review of 2019 Strategic Plan and proposed goals (Strategic Planning Committee) including Review of 2018 Strategic Goals

Max Frazier reporting – marketing the strategic plan in a format that is appealing to the public that lays the ground work for future messaging. People, Place, Platform are the three targeted areas with connected hashtags to use in our social media marketing. With the boards focus on financial responsible, it is critical to communicate this to the community as well as create a consistent message of what we want to highlight market. Stephanie Ralph reporting - As we go forward into 2019, our goal is to work smarter and pull in people in the
community who want to share with others and focus on providing quality programming without overtaxing our finances and staff. Question by Marcus Davis regarding what tangible measures we have with this strategic plan to verify our growth. Sally LeClair responds that this provides a framework and Bambi Statz heard a reallocation in our program, facility space, and ideas to not grow but measure against. Discussion ensued regarding role of targeted stats and qualitative impact stories for measurement of success. Suggestion by Kim Cameron to also include volunteer work and donations. Next step forward is to develop measurable and developing the 5-year plan. Board take a closer look to then place the adoption of the 2019 Strategic Plan.

Request that the SDA Leadership Questionnaire be used as a replacement as it is a 12 question condensed questionnaire. Ultimately evaluation includes self, staff, and board evaluation which the board then collects and puts into an evaluation with goals. Revised 2017 evaluation tool simplified was reviewed and the SDA tool for determining an efficient, effective, constructive tool tied to the job description that will support growth.
